

Technical Assistance for Civil Society Organisations  
Regional Office  
Potoklinica 16 • 71 000 Sarajevo • Bosnia and Herzegovina

## PRESS RELEASE

---

### TACSO Web site Launched

**Sarajevo, February 9, 2009** – The Technical Assistance for Civil Society Organisations Project (TACSO) announces the launch of the project's regional Web site [www.tacso.org](http://www.tacso.org).

This Web site provides visitors with the latest news from the TACSO project, including information on kick-off events and trainings.

„We wanted to create a Web site where the Civil Society Organizatons from Western Balkans and Turkey will be able to find numerous information on various topics. However, the Web site will also be crucial in exchange of information between CSOs, and it will enable CSOs to contact potential partner organisations.“

The Web site also contains E-Learning section, where an assortment of materials originating from TACSO organized trainings will be available to all.

Other materials that can be found are project reports and work plans, an EU corner and themed subject setions that include fundraising, advocacy and lobbying and project management.

The site also features open calls for small grants and EU proposals and programmes.

The regional Web site will host the eight national Web sites, which are expected to be operational in early March.
